

Control Electronics	EG/100-2	GE 101 NEA-2	HSG 41-24ST		LE 101	REG 9P 3	REG 9P TRI	R101-36ST	REG 61101	LD 9P SP 1	LDPOT9P3
Technical data	control equipment			control sub unit	control PCBs					data display	
function	complete control unit			display & input/output unit	power control PCB	power regulating and control unit				high voltage protected data display	
application	for GE600 system	for GE101 system	Universalgerät		for GE101 system	for GE9P system		for GE101 system		for GE 9P system	
dimensions											
weight											
function description details, specials	electronic components for generation and control of DC high voltage all components specifically designed for EGRA high voltage systems
