

HV Transformers		HT 8,5	HT 12	HT 15	HT40	HT50	HTS
Technical data							*
max output voltage V_{eff}	kV	8,5	12	15	28	30	
max output power	W	250	150	250	50	500	
primary voltage	V	230	220	230	60	300	
operating frequency	Hz	50	50	50	500	250-1000	
galvanic insulation	kV	2-5	2-5	2-5	2-5	2-5	50-70
dimensions	cm						
weight	kg	4,3	4	4,3	5,7		

function transformation of alternating voltage
description transformers with iron kernels
details, specials U design
 soft iron cores
 small power loss
 no cooling
 epoxy insulation

* the insulating transformers HTS are being designed and manufactured on customer request only
